## INTRODUCTION TO THE PUBLIC ACCOUNTS OF MANITOBA

The Public Accounts of the Province of Manitoba are prepared by statutory requirement, in accordance with the Financial Administration Act, which is Chapter F55 of the Continuing Consolidation of the Statutes of Manitoba. The Public Accounts for the fiscal year ended March 31, 1989 consists of three volumes:

**VOLUME 1** contains the Financial Statements of the Consolidated Fund of the Province and schedules of supporting information.

**VOLUME 2** is a supplementary volume which contains further details of the expenditures by standard expenditure object codes. It also provides details of the salaries and wages paid to employees as well as payments to corporations, firms, individuals, other Governments and Government Agencies.

**VOLUME 3** contains the Summary Financial Statements of the Province. This is the second year that these statements are presented in this form. The long range intent of these statements is that they will reflect the consolidation of the operations of all organizations integral to the overall operations of Government in performing its executive function. At this time however, only the operations of certain trust accounts and crown entities, as referenced in the Introduction to Volume 3, are consolidated with those of the Operating Fund. The Department of Finance is working to reflect the financial operations of the other organizations in future Summary Financial Statements.

## CONTENTS OF VOLUME 1 - FINANCIAL STATEMENTS OF THE CONSOLIDATED FUND

a) **Section 1 - Operating Fund Financial Statements**

This section provides a summary of the government's operational activities and financial position for the fiscal year ended March 31, 1989.

b) **Section 2 - Details of Operating Fund Assets and Liabilities**

This section provides more detailed information with regard to items reported in the Statement of Financial Position.

c) **Section 3 - Borrowings, Guaranteed and Indirect Liabilities, Financial Commitments and Contingent Liabilities**

This section provides more detailed information on the Operating Fund direct and guaranteed debt obligations at the fiscal year-end and the sinking funds that are maintained for repayment of these obligations.

d) **Section 4 - Detailed Revenue and Expenditure Statements**

This section provides more detailed information regarding the Operating Fund revenue and expenditure of the fiscal year. This section also provides information that is disclosed in accordance with statutory requirements.

e) **Section 5 - Trust Fund Statements**

This section provides a summary of the Trust Fund activities in the various categories of trust money administered by the Province.

f) **Section 6 - Other Funds**

This section includes the financial statements of certain special purpose fund accounts that are disclosed in accordance with statutory requirements.

# REPORT OF THE PROVINCIAL AUDITOR ON THE CONSOLIDATED FUND FINANCIAL STATEMENTS OF THE GOVERNMENT OF THE PROVINCE OF MANITOBA

I report that the financial statements of the Consolidated Fund of the Government of the Province of Manitoba, being the Operating Fund financial statements and the Trust Fund financial statements, have been examined under my direction for the year ended March 31, 1989. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

Subsequent to March 31, 1989, Royal Assent was given to legislation that established the Fiscal Stabilization Fund as at March 31, 1989. The Fiscal Stabilization Fund is a distinct separate Fund from the Operating Fund under the direction and control of the Minister of Finance. As provided in the legislation, $200 million was retroactively transferred from Operating Fund revenue to The Fiscal Stabilization Fund. The effect of the revenue transfer on the Operating Fund financial statements is to understate reported revenue and to overstate the reported deficit by $200 million for the year ended March 31, 1989. The effect is to also overstate the total excess of liabilities over financial assets and similar items (accumulated deficit) and the amount owing to the Trust Fund by $200 million as at March 31, 1989. The effect of the revenue transfer on the Trust Fund financial statements is to overstate Trust Fund balances and the amount due from Operating Fund by $200 million as at March 31, 1989. As disclosed in note 14 to the Operating Fund financial statements, if the Government had not transferred Operating Fund revenue to the Fiscal Stabilization Fund the Operating Fund would have recorded a $58 million surplus instead of the reported deficit of $142 million for the year ended March 31, 1989. Also, the accumulated deficit would be $4,388 million instead of $4,588 million as reported as at March 31, 1989.

In our opinion, except for the effects of the transfer of Operating Fund revenues to the Fiscal Stabilization Fund described in the preceding paragraph, these financial statements present fairly the financial position of the Consolidated Fund of the Government of the Province of Manitoba as at March 31, 1989 and the results of its operations and the changes in its financial position for the year then ended in accordance with the Government's accounting policies as stated in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

## STATEMENT OF RESPONSIBILITY

Responsibility for the integrity and objectivity of the Operating Fund and Trust Fund financial statements rests with the Government. They are prepared under the direction of the Minister of Finance in accordance with the stated accounting policies of the Government and include a statement of financial position, a statement of excess of liabilities over financial assets, a statement of revenue and expenditure, a statement of changes in financial position, schedules, and notes integral to the statements. Together, they present fairly, in all material respects the financial condition of the Consolidated Fund at the fiscal period-end and results of operations for the year then ended. More detailed information regarding the Government's financial position and operating results can be found in other sections of this Volume and in Volume 2 of the Public Accounts.

# GOVERNMENT OF THE PROVINCE OF MANITOBA
# NOTES TO THE FINANCIAL STATEMENTS
# FOR THE YEAR ENDED MARCH 31, 1989

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic accounting policies followed by the Government of the Province of Manitoba, which have been applied in the preparation of the Operating Fund Financial Statements are summarized below. These policies have been developed and are applied in accord with the provisions of the Financial Administration Act, which is Chapter F55 of The Continuing Consolidation of The Statutes of Manitoba.

### A. THE REPORTING ENTITY

The financial transactions of the Government are recorded in "The Consolidated Fund". The activities of The Consolidated Fund are divided into the "Operating Fund", which records the operational activities of the Government, and the "Trust Fund", which records the trust administration function.

Financial statements prepared for the "Operating Fund" report amounts recorded as Government revenue, expenditure on Government programs, the lending and investment of Government funds and the borrowing and repayment of debt. Separate financial statements are prepared for the "Trust Fund" which report the activities in the various categories of trust money administered by the Government.

The financial operations of provincial Crown corporations, agencies, boards and commissions are not consolidated and are reflected in the Operating Fund financial statements only to the extent that:

1. they receive money from or pay money to the Government, or
2. any non-recoverable deficits they incur are adjusted against the amounts loaned, advanced or invested in them by the Government, or
3. where the Government has no loans, advances or investments involved, any losses they incur, which are assumed by the Government, are recorded as accrued charges.

### B. BASIS OF ACCOUNTING FOR REVENUE AND EXPENDITURE

#### 1. GROSS ACCOUNTING CONCEPT

Revenues and expenditures are recorded in gross amounts with the following exceptions:

a) The municipal share of Individual and Corporation Income Taxes, which is paid to Municipalities in accordance with the Provincial-Municipal Tax Sharing Act, is not recorded as revenue or expenditure by the Government.

b) Refunds of revenue are treated as reductions of current year revenue.

c) Decreases in valuation allowances previously provided are treated as reductions to expenditure.

d) Recoveries from Crown corporations and government agencies of the debt servicing costs on self-supporting debt are recorded as a reduction of Public Debt expenditure. The same treatment is also given to income earned on investments and advances.

e) Transfers to and from the Fiscal Stabilization Fund, under the provisions of the Fiscal Stabilization Fund Act, are applied directly against revenue.

#### 2. MODIFIED ACCRUAL ACCOUNTING

The revenues and expenditures of the Government are recorded on an accrual basis with exceptions noted as follows:

a) INCOME FROM CANADA-MANITOBA FISCAL ARRANGEMENTS - This income is recorded on a cash basis with three exceptions:
   i) revenues received in advance of when they are earned are deferred to the appropriate fiscal year;
   ii) money received in advance, relating to projects for which expenditures are to be made in more than one fiscal year, is deemed to be revenue in each fiscal year in proportion to the related expenditure made in the respective fiscal year; and
   iii) the accounts are kept open until June 30 to reflect any adjustments regarding revenue from the Government of Canada under the Canada-Manitoba Fiscal Arrangements.

b) FEES AND OTHER REVENUE - Collections are recorded on a cash basis except for amounts received in April from Agents for provincially collected taxes pertaining to the year just ended which are recorded as revenue receivable.

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

c) SALARIES AND WAGES - Salaries and wages are recorded as expenditures in the year in which they are paid. No liability or expenditure is recorded for salaries earned but not paid at year end, or for salary related benefits such as vacation earnings.

d) PENSION - The annual cost recorded by the Government is its share of pensions paid to retired employees, teachers and members of the Legislative Assembly.

The Government does not record its liability for the annual cost of pension benefits earned by the civil service, teachers and members of the Legislative Assembly.

e) GOODS AND SERVICES - A period of forty-five days after the end of the fiscal year is allowed for the payment of operating expenditures incurred during that fiscal year. Payments in this period are reflected as accounts payable for the fiscal year just ended. Supplier accounts not paid within this period are treated as expenditures of the following year.

However, recording of expenditures is allowed after the forty-five day period if required to show the accurate financial condition of the Government, pursuant to authority provided under Section 8 of the Financial Administration Act. In this regard, any entries made after June 30 must be disclosed in the Public Accounts.

f) CAPITAL ASSETS AND INVENTORIES - Expenditures for the acquisition and/or construction of fixed assets and the acquisition of inventories are not considered to differ from any other service to the public and accordingly are treated as an expenditure on the same basis as Goods and Services.

### C. ASSETS AND LIABILITIES

1. Except for deferred revenue, the assets and liabilities reported in the financial statements are financial claims. The assets are claims by the Government on other parties and the liabilities are claims by other parties on the Government.

   Deferred revenue consists of money received from taxation and shared cost agreements which relate to future years, as well as fees from debt transactions to be amortized over the remaining life of the debt. This deferred revenue will be recorded in the appropriate year.

2. Capital assets and inventories do not represent financial claims on others. Therefore they are not reported as assets at fiscal year end.

3. Loans, advances and long-term investments held by the Government are subject to annual valuation.

   A valuation allowance is provided to reflect decreases in the value of loans, advances and long-term investments and is adjusted annually for changes that have occurred in the estimated realizable value of these assets. Increases in the valuation allowance are recorded as expenditures, and conversely decreases in the valuation allowance are treated as a reduction of expenditures.

   Loans, advances or long-term investments may be written-down in the accounts of the Government, pursuant to authority provided under the Financial Administration Act. The write-down is applied to the valuation allowance, whether it occurs in the year the valuation allowance is provided or in a subsequent year. Where an investment has been partially written-down to reflect a permanent decline in its realizable value, it is carried at its decreased value. Otherwise, it is recorded at cost.

4. Investments included in Cash and Equivalents and the Province of Manitoba Sinking Fund are recorded at cost adjusted for amortization of investment premium or discount. Any premium or discount incurred at the time of purchase is amortized annually to public debt expense over the life of the investment. The investments included in the remaining Sinking Funds are shown at cost and do not reflect any amortization of investment premium or discount.

   Investments denominated in foreign currency are translated to the Canadian dollar equivalent at the exchange rate in effect at March 31, unless the rate of exchange or a forward exchange contract fixing the value has been negotiated, in which case that rate or amount is used.

   Expenses and other transaction charges incurred on the purchase of investments during the year are charged to public debt expense. Those expenses incurred in foreign currency are translated at the exchange rate in effect on the transaction date.

   The year end investment translation adjustments reflecting the foreign exchange fluctuation from the value at the issue date are recorded through the Unamortized Foreign Currency Fluctuation account, and amortized annually to public debt expense over the life of the investment.

5. Borrowings, comprised of bonds, debentures and other long-term debt issued and payable in Canadian currency, are recorded at the par value of the issue. Discounts or premiums, as well as commissions incurred at the time of the issue of the debt, are amortized annually to public debt expense over the life of the debt. The unamortized portion is deducted from the par value of the debt.

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Fees received at the time of arranging debt transactions, in respect of options or warrants, are reflected as deferred revenue and amortized annually as a credit to public debt expense over the life of the debt. The unamortized portion is included in deferred revenue.

Expenses and other transaction charges, such as legal fees, printing and registration, incurred during the year on the issue of debt are charged to public debt expense. Those expenses incurred in foreign currency are translated at the exchange rate in effect on the transaction date.

Borrowings issued and payable in foreign currencies are recorded at the Canadian dollar equivalent of the par value based on the exchange rate in effect at March 31, unless the rate of exchange or a fixed amount has been negotiated through a currency exchange agreement or other arrangement, in which case that rate or amount is used.

The year end translation adjustments reflecting the foreign exchange fluctuation from the value at the issue date are recorded through the Unamortized Foreign Currency Fluctuation account, and amortized annually to public debt expense over the life of the debt issue.

Where an issue of debt in a foreign currency is called for redemption prior to maturity and refinanced with another issue of debt, the Canadian dollar equivalent cost of the original debt is translated at the exchange rate in effect at the date of redemption. The resulting unrecognized foreign currency fluctuation is recorded through the Unamortized Foreign Currency Fluctuation account and is amortized to public debt expense over the term of the first replacement issue or the remaining term of the original issue, whichever is less. However, if the remaining term of the original issue is one year or less, the fluctuation is fully expensed in the year of redemption.

On maturity, any unrecognized foreign exchange gain/loss, being the difference between the recorded par value in Canadian currency and the required payment, is reflected in public debt expense.

Proceeds of debt raised for the purpose of retiring a specific debt issued on a later date and which are invested for a short term are valued in accordance with the accounting policy on Borrowings. Holdings of unmatured provincial debt issues purchased on the market for cancellation are valued in accordance with the policy on investments. Both these investment categories are reflected as reductions to Borrowings.

Sinking funds are maintained in accordance with legal requirements of the debt instruments and the Financial Administration Act and are reflected as a reduction of Borrowings.

### D. GUARANTEED AND INDIRECT LIABILITIES

In addition to having direct debt, the Government acts as a guarantor of securities issued by various other entities. The debt issued by Crown corporations, agencies, boards and commissions and guaranteed by the Government is largely self-supporting. Other guaranteed debt for schools, universities and hospitals is serviced in whole or in part from appropriations of the Consolidated Fund.

Legislation requires the maintenance of Sinking Funds for the retirement of the debt of most Crown corporations, agencies, boards and commissions. These Sinking Funds are held in Trust by the Minister of Finance. The Crown corporation, agency, board or commission to whom the debt applies make annual contributions to the Sinking Fund.

Contingent Liabilities that result from other financial activities of the Government are reported in the notes to the financial statements.

## 2. VALUATION ALLOWANCE

The valuation allowance is determined as follows:

### A. CROWN CORPORATIONS, AGENCIES, BOARDS AND COMMISSIONS — LOANS, ADVANCES AND LONG-TERM INVESTMENTS

#### 1. OPERATING DEFICITS

The valuation allowance is based on the financial results applicable to the most recent fiscal year completed prior to April 1. Where an assessment of the accumulated deficit indicates a prospect for recovery from future operations, the amount of the valuation allowance is adjusted accordingly.

#### 2. NON-RECOVERY OF CAPITAL INVESTMENT

A valuation allowance may be provided where there is reasonable evidence that the Province's investment will not be realized.

#### 3. MANITOBA PROPERTIES INC.

Beginning in 1988-89 but not retroactive, the annual valuation allowances in relation to advances to Manitoba Properties Inc. include provision for advances made in relation to capital expenditure as well as operating deficits.

If the Government has more than one type of investment in an organization (eg. common shares, preferred shares and debentures), the valuation allowance is assigned against the investments in order of priority on liquidation.

B. OTHER LONG-TERM INVESTMENTS

The valuation allowance is used to record losses, that are other than temporary declines, in value of the Government's investments in other than Crown corporations, agencies, boards and commissions. The valuation allowance is based on an annual valuation of the investment.

C. OTHER LOANS AND ADVANCES

The valuation allowance is used to provide for the estimated amounts not recoverable under a Government loan or support program. The valuation allowance for doubtful accounts that has been established for that loan or support program is recorded by means of a valuation allowance placed against the loan or advance used to fund the program. Increases to the valuation allowance are recorded as an expenditure regardless of the timing of the write-off of the uncollectible accounts, such write-off being applied directly to the valuation allowance.

The March 31 valuation allowance balance of $214 million (1988-$206 million) is after having given effect to the write down of some loans, advances and long-term investments where it has been determined that the realizable value has been permanently impaired:

| | ($ millions) | |
|---|---|---|
| | 1989 | 1988 |
| Manitoba Agricultural Credit Corporation | $ 5 | $ 4 |
| Insulation Loan Program | 2 | – |
| Emergency Interest Rate Relief Program | 1 | – |
| Manitoba Energy Authority | – | 3 |
| Venture Capital Program | – | 2 |
| Other | – | 1 |
| | $ 8 | $ 10 |

3. **PROVISION FOR FOREIGN CURRENCY FLUCTUATION ON MANITOBA HYDRO DEBT**

The Province issues provincial securities to raise funds for Manitoba Hydro. In addition, the Province guarantees debt which Manitoba Hydro issues in its own name. Until March 31, 1987, pursuant to the Energy Rate Stabilization Act, the Province was responsible for the currency fluctuation on all foreign debt issued for Manitoba Hydro purposes.

The Energy Rate Stabilization Act was amended effective April 1, 1987 making Manitoba Hydro responsible for the fluctuation on all of its foreign currency debt issued on or after that date. Manitoba Hydro was also made responsible for the fluctuation on its U.S. dollar denominated debt issued prior to April 1, 1987, except to the extent already provided by the Province to March 31, 1987. At March 31, 1989, the amortized amount remaining in the Province's Provision account for these U.S. issues is $153 million. The Province retained responsibility for the fluctuation, in currencies other than U.S. dollars, for both its direct and guaranteed debt for Manitoba Hydro outstanding at March 31, 1987.

Effective April 1, 1989 the Act was further amended to transfer responsibility to Manitoba Hydro for the remaining foreign currency risk associated with the debt issued prior to April 1, 1987. At March 31, 1989, using the foreign exchange rates in effect on that date, the Province adjusted its provision account by $133 million to cover the total fluctuation in the value of this foreign debt. In order to accomplish this, the Province made an additional charge of $64 million to its Hydro Rates Stabilization expenditure for 1988-89.

At maturity of any foreign debt issue for Manitoba Hydro purposes, be it U.S. dollar denominated or other foreign currency, the Province is responsible for the lesser of the currency fluctuation on the maturing debt or the amount remaining in the provision account for that particular issue.

The provision account balance of $286 million at March 31, 1989 represents the limit of the Province's liability for foreign exchange fluctuation on both U.S. dollar denominated debt and other foreign debt for Manitoba Hydro purposes.

4. **BORROWINGS**

All borrowings are expressed in Canadian dollars. Foreign borrowings are converted at the exchange rate in effect at March 31 adjusted for any foreign currency contract entered into for settlement after the fiscal year end.

The weighted average rate of interest based on actual interest payments made during 1988-89 was 10.05% (1988-10.52%).

The classification of borrowings by purpose is as follows:

| | Exchange Rate in Effect at | | | |
|---|---|---|---|---|
| | Issue Date | | March 31 | |
| | 1989 | 1988 | 1989 | 1988 |
| | ($ millions) | | ($ millions) | |
| General Government Programs | $ 5,884 | $ 5,118 | $ 6,179 | $ 5,907 |
| The Manitoba Hydro Electric Board | 2,841 | 2,531 | 2,938 | 2,745 |
| The Manitoba Telephone System | 537 | 562 | 537 | 564 |
| Other | 695 | 705 | 695 | 705 |
| | $ 9,957 | $ 8,916 | $ 10,349 | $ 9,921 |
| Less: | | | | |
| Sinking Funds | 1,502 | 1,295 | 1,502 | 1,295 |
| Debt of the Province of Manitoba held as provincial investments | 198 | 134 | 198 | 134 |
| Unamortized Debt Issue Costs | 44 | 44 | 44 | 44 |
| | $ 8,213 | $ 7,443 | $ 8,605 | $ 8,448 |

Money is allocated annually to the Province of Manitoba sinking funds on the following basis:

A. a sum equal to 3% of the aggregate amount of general purpose debt, in Canadian Dollars converted at the date of issue, outstanding at the end of the preceding fiscal year; and

B. all earnings derived from investing the sinking fund.

In addition, principal repayments of advances by agencies which are funded by the issue of provincial securities are deposited to the sinking fund provided that the principal repayments are made prior to the maturity date of such securities.

The total shown for sinking funds covers the general purpose debt of the Province and includes sinking fund money provided by Crown corporations, agencies, boards and commissions with respect to debt incurred on their behalf by the Government.

Included in "Other" is debt totalling $162 million which has been used to fund loans, advances and investments for which valuation allowances have been established at March 31, 1989 (1988-$166 million). If write-off of these assets occurs, this debt would be considered to be General Government Programs debt.

## 5. UNAMORTIZED FOREIGN CURRENCY FLUCTUATION

This balance represents the unamortized portion of unrealized foreign currency gains or losses on the conversion of the assets and liabilities of the Government to Canadian dollars at March 31. It also includes the unamortized portion of realized foreign currency gains or losses on the conversion of the foreign currency debt called prior to maturity using the rates in effect at the time of the call.

## 6. SERIAL DEBENTURES OF SCHOOL DIVISIONS AND DISTRICTS, TRANSFERRED FROM THE MANITOBA SCHOOL CAPITAL FINANCING AUTHORITY

The School Capital Financing Authority Act was repealed April 1, 1983 at which date all investments and money held by the Authority, as well as debt payable by the Authority, was assumed by the Government. The investments transferred to the Government consist of serial debentures issued by school divisions and districts for which the Government is primarily responsible for repayment. These securities are therefore included in this category because they do not represent a claim on other parties.

The estimates of expenditure provide an annual appropriation in the Consolidated Fund to cover the principal and interest costs of these debentures. The cash drawn from this appropriation for the required annual principal repayments is transferred to the Province's sinking fund where it will be used for repayment at maturity of the debt assumed from the Authority. A similar treatment would be accorded any proceeds from the sale of the school debentures.

## 7. SECURITIES RECEIVED FROM SALE OF LAND AND BUILDINGS

During 1984-85 and 1985-86 the Government sold land and buildings with an aggregate value of $917 million to Manitoba Properties Inc. (MPI). The sale was arranged through two intermediary Crown corporations, Manitoba Properties Leasing Inc. and Manitoba Properties Management Inc., and resulted in the Government receiving common shares of these two corporations along with promissory notes of MPI and cash as the purchase consideration.

The recorded value of the common shares has been reduced by a special valuation account which was established from a portion of the sale proceeds and is used to reflect the potential diminution in value of these shares as the result of dividends paid to preferred shareholders of Manitoba Properties Inc. on an annual basis. Manitoba Properties Leasing Inc. and Manitoba Properties Management Inc. each own 50% of the common shares of

Manitoba Properties Inc. and the value of their equity in these shares could decrease annually with the payment of dividends by the latter to preferred shareholders.

Interest payable to the Province on the promissory notes is funded from annual rental payments made by the Government to Manitoba Properties Inc. and is therefore dependent on future appropriations of the Consolidated Fund. These securities are therefore included under this category because they do not represent a claim on other parties.

## 8. TRUST FUND

Included in the Statement of Financial Position is an amount owing to the Trust Fund which primarily represents surplus cash of Crown corporations, agencies, boards and commissions, as well as the Fiscal Stabilization Fund, on deposit with the Minister of Finance for investment but not specifically invested. Such deposits are pooled with other available funds of the Government for investment purposes and are accorded a market rate of interest. The assets and liabilities of the Trust Fund itself as at March 31st are as follows:

| | ($ millions) | |
|---|---|---|
| **ASSETS** | **1989** | **1988** |
| Amounts due from Operating Fund | $ 1,161 | $ 842 |
| Cash and Investments | 672 | 586 |
| Total Trust Assets | $ 1,833 | $ 1,428 |
| **LIABILITIES** | | |
| Trust Fund Balances | $ 1,833 | $ 1,428 |
| Total Trust Liabilities | $ 1,833 | $ 1,428 |

In addition, the Trust Fund includes cash and securities for which the Government's responsibility is custodial in nature. The amount reported at March 31, 1989 was $595 million (1988-$582 million).

## 9. GUARANTEED AND INDIRECT LIABILITIES

Debt issued by Crown corporations, agencies, boards and commissions which is guaranteed by the Government as at March 31st:

| | ($ millions) | |
|---|---|---|
| | **1989** | **1988** |
| Self-supporting debt | $ 1,604 | $ 1,542 |
| Debt of Crown corporations whose main source of income is the Consolidated Fund | 399 | 399 |
| Debt serviced in whole or in part from the Consolidated Fund | 10 | 10 |
| | $ 2,013 | $ 1,951 |
| LESS: Applicable Sinking Funds | 277 | 263 |
| | $ 1,736 | $ 1,688 |

A portion of the foreign currency fluctuation on the guaranteed debt included above has been provided for in the Provision for Foreign Currency Fluctuation on Manitoba Hydro Debt.

## 10. OTHER ACCRUED LIABILITIES

The Province has accrued a liability at March 31, 1989 for losses or program expenditures in order to recognize the Province's responsibility to fund these amounts when they become payable:

| | ($ millions) | |
|---|---|---|
| | **1989** | **1988** |
| Manitoba Public Insurance Corporation: | | |
| - Reinsurance Assumed Losses | $ 32 | $ 32 |
| - Personal and Commercial Losses | – | 27 |
| Workers Compensation Board - Reimbursement of interest forfeited on employer assessments | – | 16 |
| Criminal Injuries Compensation Board - Unfunded future costs of compensation awards | 17 | 15 |
| Manitoba Development Corporation - Additional provision for warranty costs related to Flyer Industries Ltd. divestiture | – | 6 |
| Manitoba Milk Producers Marketing Board | 2 | – |
| Other | 2 | 1 |
| | $ 53 | $ 97 |

## 11. FINANCIAL COMMITMENTS

The Government has entered into long-term financial arrangements wherein indebtedness has been issued that is not guaranteed by the Government, but the funds required for the payment of principal and interest will be either fully or partially provided from appropriations of the Consolidated Fund. The Government has also made future commitments against appropriations under long-term contracts that cover the acquisition and/or rental of physical assets. These financial commitments as at March 31st are as follows:

| | ($ millions) 1989 | 1988 |
|---|---|---|
| LONG-TERM FINANCIAL ARRANGEMENTS: | | |
| Hospitals and Personal Care Homes | $ 429 | $ 405 |
| Public Schools | 272 | 252 |
| Manitoba Housing and Renewal Corporation | 229 | 229 |
| Manitoba Water Services Board | 2 | 2 |
| Brandon University | 3 | 3 |
| | $ 935 | $ 891 |
| FUTURE COMMITMENTS: | | |
| Acquisition of Physical Assets | 81 | 79 |
| Rental of Physical Assets | 94 | 164 |
| | $1,110 | $1,134 |

In addition to the approved outstanding debt for Hospitals and Personal Care Homes, lines of credit up to $72.5 million (1988-$72.4 million) have been approved to finance capital projects currently in process. On completion of these projects, the borrowings will be converted to long-term debt.

## 12. CONTINGENCIES

The Government has provided guarantees for the following and accordingly has a contingent liability in the event of default:

| | Maximum Guarantee | Amount Outstanding March 31, 1989 ($ millions) | March 31, 1988 |
|---|---|---|---|
| Mortgages | $ 1 | $ 1 | $ 1 |
| Promissory Notes | 175 | 3 | – |
| Bank Loans and Lines of Credit | 38 | 22 | 16 |
| | $ 214 | $ 26 | $ 17 |

This does not include guarantees that may be provided by Crown corporations, agencies, boards and commissions under their own separate authority.

The Province has provided a guarantee to the purchaser of Flyer Industries Ltd. covering all of the obligations of Manitoba Development Corporation arising out of the sale of Flyer Industries Ltd. including $53 million of performance bonds on contracts for the supply of buses to various transit organizations.

The Government has been named in approximately 100 legal actions, outstanding at March 31, 1989, which may result in future liabilities. As well, there are approximately 300 other claims outstanding in respect of damages to persons and property and like items. No provision has been made at March 31, 1989 in the accounts of the Province as the outcome of these actions and claims is uncertain.

## 13. PENSION LIABILITY

The Province is required by legislation to pay 50% of the pension disbursements made to retired Provincial employees (with the exception of the share payable by Government agencies for their employees) and to retired teachers. Such payments are charged to departmental appropriations as incurred and no provision is made to fund current or past service obligations of the Province to the Civil Service Superannuation Fund or to the Teachers' Retirement Allowances Fund. The reserves which are presently held in these Funds represent only the employees' obligation towards the total pension liability.

An actuarial valuation and report of the Government's liability to the Civil Service Superannuation Fund was determined as at December 31, 1986. The report also provided a formula to update the liability on an annual basis. In accordance with the formula adopted by the actuary, the Government's actuarial liability to the Civil Service Superannuation Fund has been calculated on a non-indexed basis at approximately $393 million as at December 31, 1988 (1987-approximately $346 million). The liability of the Province to the Teachers' Retirement Allowances Fund has not been established by an actuarial valuation. The reserve which is indexed and held in the Teachers'

Retirement Allowances Fund, representing the employees' obligation towards the total pension liability, amounted to $597 million as at December 31, 1988 (1987-$533 million). The Province's liability should approximate these amounts.

## 14. FISCAL STABILIZATION FUND

The Fiscal Stabilization Fund was established effective March 31, 1989 under authority of the Fiscal Stabilization Fund Act. The purpose of the fund is to assist in stabilizing the fiscal position of the Government from year to year and to improve long-term planning. Under authority of the Act, the Minister of Finance, with the approval of the Lieutenant Governor in Council, may deposit in the Fund any part of the revenue or other financial assets received in any fiscal year, and may transfer any part of the Fund to revenue of the Consolidated Fund.

If the Fiscal Stabilizaton Fund were consolidated in the financial statements of the Government, the net result for the Operating Fund would have been a surplus for the year of $58 million.

## 15. LEGISLATIVE AUTHORITY FOR BORROWING AND EXPENDITURE

Order-in-council 1138/82 authorizes the Minister of Finance to borrow money by the sale of promissory notes or by bank line of credit up to an aggregate amount not exceeding $350 million at any one time.

Limits established by legislation for borrowing funds and for expenditure from appropriations are shown below along with information regarding any non-compliance with these limits that may have occurred during the fiscal year.

### A) BORROWING:

| | ($ millions)<br>Appropriation Acts | Loan Acts |
|---|---|---|
| Incremental Non-Lapsing Authority Provided in 1988 Acts | $ 300 | $ 271 |
| Amount Used During the Fiscal Year Ended March 31, 1989 | 280 | 18 |
| Available for Future Years | $ 20 | $ 253 |
| Unused Borrowing Authority From Prior Years | – | 1,617 |
| | $ 20 | $ 1,870 |
| Less: Encumbered for Specific Purposes | – | 71 |
| Unencumbered Borrowing Authority at March 31, 1989 | $ 20 | $ 1,799 |

### B) EXPENDITURE:

#### 1) CHANGES FROM ORIGINAL BUDGET ESTIMATE

The budget estimate shown on the Statement of Revenue and Expenditure consists of the original estimates as contained in the budget address delivered by the Minister of Finance on August 8, 1988.

The 1988-89 expenditure estimate of $4,561 million included an estimated saving of $30 million expected from lapsing expenditure authority in various appropriations. Because the specific appropriations were not identifiable, gross appropriation expenditure authority totalling $4,591 was voted and authorized in the Main Estimates. This amount was increased during the fiscal year as follows:

| | ($ millions) |
|---|---|
| Main and Supplementary Estimates (including general statutory appropriations) | $ 4,591 |
| Increased by Special Warrants | 67 |
| Adjustment of estimated amount of statutory appropriations to actual expenditure | (68) |
| Total Authorized Expenditure | $ 4,590 |

#### 2) NON-COMPLIANCE WITH APPROPRIATION LIMITS

i) The following two voted appropriations of the Government were placed in a net overexpended position as a result of adjustments made to reflect accounting policies on valuation allowance and Crown corporation deficits:

| | |
|---|---|
| Industry, Trade and Tourism X-8<br>Emergency Interest Rate Relief Program | $ 20,143 |
| Northern Affairs XIX-1<br>Administration and Finance | 386,766 |

ii) Four appropriations of the Government had late accounts paid in the 1989-90 fiscal year that were in excess of the balance remaining in the appropriation at March 31, 1989. These late accounts paid subsequent to 45 days after year end are excluded from March 31, 1989 liabilities by the existing accounting policy. These late accounts result in non-compliance with appropriation limits established for the respective programs.

### 16. COMPARISON TO BUDGET ESTIMATE

For purposes of providing a meaningful comparison of changes in the financial position with the budget estimate, in addition to the budget data, other internally developed management information has also been included in the budget estimate information.

### 17. EXPENDITURES RELATED TO CAPITAL

The Government has substantial holdings of physical assets such as buildings, highways, education and health facilities, which will be used to provide services in future periods and may tend to appreciate in value over time. However, these do not represent claims on others and are therefore not reported as assets, but rather as expenditures. Such expenditures are classified as "Expenditures Related to Capital" in the Main Estimates of Expenditure. This classification is defined as follows:

A. expenditures for property of all kinds, both real property and chattels, purchased or self-constructed for use by Government that are deemed to have an economic life in excess of one year;

B. expenditures for projects or activities which entail major renewals, modification or modernization by own labour forces or by contractors on behalf of the Government and which significantly prolong the expected economic life of the asset;

C. the principal portion of a debt repayment when the debt was incurred to acquire a physical asset and the acquisition cost of the physical asset was not previously reflected in the Consolidated Fund as an expenditure;

D. grants or assistance payments to municipalities, school divisions, external agencies, commercial organizations and private individuals which are known to be for the purchase, construction or improvement of physical assets.

### 18. SUBSEQUENT EVENTS

A. The Government's interest in Manfor Ltd. was sold to Repap Enterprises Inc. as of May 4, 1989.

B. In June of 1989, some of the shareholders exercised their retraction privilege with respect to preferred shares issued by Manitoba Properties Inc., and retracted (1,068,208 shares at $25 per share) $26,705,200.

### 19. ENTRIES MADE SUBSEQUENT TO JUNE 30, 1989

Section 8(2) of the Financial Administration Act requires disclosure of entries made after June 30 respecting transactions of the preceding year. Accordingly, the following are reported:

A. WRITE-OFF OF LOANS, ADVANCES AND LONG-TERM INVESTMENTS

Authorization for the write-off of $7 million, of the $8 million of loans, advances and long-term investments as detailed in note 2 of these statements, was provided by ministerial certificates 350 and 351, approved on June 21 and July 11, 1989 respectively and by orders in council 776/89, approved on July 6, 1989, and 1193/89, approved on October 11, 1989, and was effective retroactively to March 31, 1989.

B. VALUATION ALLOWANCES

Valuation allowances are calculated as near as possible to statement preparation time in order to ensure the most accurate provisions.

C. ENTRIES REFLECTING LEGISLATIVE CHANGES

The Fiscal Stabilization Fund Act and the amendments to the Energy Rate Stabilization Act were passed in December, 1989 at which time the related entries were made.

D. RECORDING OF LOTTERIES REVENUE

Authorization for the transfer of funds from the Lotteries Foundation to Operating Fund revenue was provided by orders in council 967/89,968/89, and 969/89, and was retroactive to March 31, 1989.

E. OTHER

An adjustment to reflect outstanding liabilities of $1 million at March 31, 1989 related to the Government's social allowances program was made in August of 1989.

The School Capital Financing Authority Act was repealed April 1, 1983 at which date all investments and money held by the Authority, as well as debt payable by the Authority, were assumed by the Government. The investments transferred to the Government consisted of serial debentures issued by school divisions and districts for which the Government is primarily responsible for repayment. Accordingly, an annual appropriation is made in the Consolidated Fund to cover the principal and interest costs of these debentures.

The cash drawn from this appropriation for the required annual principal repayments is transferred to the Province's Sinking Fund where it will be used for repayment of the debt assumed from the Authority. A similar treatment would be accorded any proceeds from the sale of the school debentures.

**NOTE:** During the fiscal years ended March 31, 1985, March 31, 1986, and March 31, 1989, the Province sold land and buildings with an aggregate value of $916,644,539 to two Crown Corporations, Manitoba Properties Leasing Inc., and Manitoba Properties Management Inc. Under the purchase arrangement, the properties were resold to Manitoba Properties Inc. at the same price. The Province received the following consideration for the above noted sales:

| | |
|---|---|
| Common shares of Manitoba Properties Leasing Inc. | $ 170,493,391 |
| Common shares of Manitoba Properties Management Inc. | 170,493,391 |
| Promissory Notes of Manitoba Properties Inc. due July 31, 1994 | 181,764,123 |
| Cash | 393,893,634 |

| Allocation of Proceeds | |
| Special Valuation Account | $ 340,956,682 |
| Excess of Liabilities Over Financial Assets Account | 575,631,857 |
| Revenue | 56,000 |
| | $ 916,644,539 |

During the fiscal year ended March 31, 1987 land in the amount of $22,000 was repurchased by the Province and the amount of Promissory Notes referred to above were adjusted to reflect the repurchase.

On resale of the Assets to Manitoba Properties Inc. the two Crown Corporations received common shares of Manitoba Properties Inc.. The resale agreement stipulated that Manitoba Properties Inc. would record the issue of these shares in its capital account at a value of $20,000 for shares issued to March 31, 1985 and an additional $10,100 for shares issued to March 31, 1986. For the fiscal years ended March 31, 1985 and March 31, 1986 $209,246,896 and $131,709,786 respectively were designated and accounted for as contributed surplus.

The contributed surplus was subsequently transferred to retained earnings and is available for the payment of annual dividends to preferred shareholders of Manitoba Properties Inc. Payment of dividends from retained earnings has the effect of reducing the value of Manitoba Properties Inc. shares owned by Manitoba Properties Leasing Inc. and Manitoba Properties Management Inc. and would have the collateral effect on the shares in these two corporations owned by the Province. As a result the Province has allocated a portion of the sale proceeds equal to the contributed surplus to a special valuation account.

This account is used to reflect the diminution in value of the common shares of Manitoba Properties Leasing Inc. and Manitoba Properties Management Inc., as a result of dividends paid to the preferred shareholders of Manitoba Properties Inc. As of March 31, 1988, the value shown for the common shares of each of these two Crown Corporations has been reduced by $76,829,766 and the valuation account by $153,659,532 to reflect dividend payments as follows:

| | |
|---|---|
| Dividends paid by MPI during its fiscal year's ended January 31, 1985 to January 31, 1988 | $ 116,738,792 |
| Dividends paid by MPI during its fiscal year ended January 31, 1989 | 36,920,740 |

## FINANCIAL COMMITMENTS

### As at March 31, 1989

| | MARCH 31, 1989 | MARCH 31, 1988 |
|---|---|---|
| | (in thousands) | |
| 1. HOSPITALS AND PERSONAL CARE HOMES<br>Hospitals and personal care homes have obtained financing for capital construction by issuing debentures, or arranging for mortgages or long-term bank loans. The Hospital Capital Financing Authority, which was established in 1972, approves the issue of all securities and assists in obtaining an orderly market for the sale of the securities to finance these capital expenditures. Although this indebtedness is not guaranteed by the Government, funds required for the payment of principal and interest related to the approved capital debt incurred for the construction and acquisition of facilities for the provision of insured services are included in the expenditure of the Manitoba Health Services Commission. The main source of Commission funds is from the Consolidated Fund of the Province of Manitoba. The amounts at right include $22,265,886 ($23,347,064 as at March 31, 1988) National Housing Act mortgages which are subsidized by the Canada Mortgage and Housing Corporation. $54,679,000 ($55,025,000 as at March 31, 1988) were held in investment accounts managed by the Minister of Finance. | $ 429,327 | $ 404,396 |
| In addition to the approved outstanding debt, lines of credit up to $72,458,000 ($72,445,000 as at March 31, 1988) have been approved to finance capital projects currently in process. On completion of these projects, the borrowings will be converted to long-term debt. | | |
| 2. PUBLIC SCHOOLS<br>School Divisions have obtained long-term financing for capital construction projects by issuing debentures. Although these debentures are not guaranteed by the Government, funds required for payment of the principal and interest related to the capital debt incurred for the construction and acquisition of facilities approved by the Public Schools Finance Board are mainly provided from the Consolidated Fund of the Province of Manitoba. Of the $272,048,571 outstanding at December 31, 1988, $271,735,697 ($251,507,328 as at December 31, 1987) represented debt issued with Public Schools Finance Board approval and for which funds for debt servicing is mainly provided from the Consolidated Fund, and $267,302,000 ($251,584,000 as at December 31, 1987) were held in investment accounts managed by the Minister of Finance. | 272,049 | 251,838 |
| 3. MANITOBA HOUSING AND RENEWAL CORPORATION<br>The amounts owing at right to the Canada Mortgage and Housing Corporation are not guaranteed by the Government. Servicing of this indebtedness is partially covered from appropriation payments made in respect of provincial housing subsidies for low income earners. | 228,524 | 229,436 |
| 4. MANITOBA WATER SERVICES BOARD<br>The amounts owing at right to the Canada Mortgage and Housing Corporation are not guaranteed by the Government but payments are required from appropriations on account of partial servicing of this indebtedness. | 2,104 | 2,254 |
| 5. BRANDON COLLEGE INCORPORATED (Brandon University)<br>The Province has agreed to service two mortgages obtained by Brandon University from the Canada Mortgage and Housing Corporation. | 2,634 | 2,667 |
| 6. MANITOBA ARTS COUNCIL<br>The Government has committed that the annual grant to the Manitoba Arts Council will not be less than $15,000 through the 1993/94 fiscal year so that the Manitoba Arts Council can provide the Winnipeg Symphony Orchestra Inc. with funds to enable it to repay the loan amounts at right. | 75 | 90 |
| | $ 934,713 | $ 890,681 |

## GOVERNMENT OF THE PROVINCE OF MANITOBA
## CONTINGENT LIABILITIES
### As at March 31, 1989

1. By authority of the Elderly Persons Housing Act, the principal balance of mortgages made by Canada Mortgage and Housing Corporation guaranteed by the Province amounted to $995,609 as at March 31, 1989.

2. Pursuant to Orders-in-Council 825/80, 1345/82 and 206/84, agreements have been signed with the Canadian Indemnity Company and The Continental Insurance Company for the Province to guarantee up to a maximum of $20,000,000 and $33,000,000 respectively of Flyer Industries Limited performance bonds on contracts to supply buses for various transit organizations. The aforementioned Orders-in-Council have been rescinded as the guarantee of these performance bonds is deemed to be covered under the guarantee provided by the Government pursuant to Order-in-Council 763/86 to the purchaser of Flyer Industries Limited in July, 1986 guaranteeing all the obligations of Manitoba Development Corporation arising out of the sale of Flyer Industries Limited.

3. Pursuant to Order-in-Council 287/80, the Province is authorized to guarantee up to a maximum of $150,000,000 Promissory Notes issued by The Manitoba Hydro-Electric Board for temporary purposes. The amount of such Notes outstanding as at March 31, 1989 was $3,300,000.

4. Pursuant to Order-in-Council 150/81, the Province is authorized to guarantee up to a maximum of $25,000,000 Promissory Notes issued by The Manitoba Telephone System for temporary purposes. As at March 31, 1989, no such Notes were outstanding.

5. Litigation — The Government has been named in approximately 100 legal actions, outstanding at March 31, 1989, which may result in future liabilities. As well, there are approximately 300 other claims outstanding in respect of damages to persons and property and like items. No provision has been made at March 31, 1989 in the accounts of the Province as the outcome of these actions and claims is uncertain.

6. The Province has been authorized to guarantee the following loans and bank lines of credit:

**Note 1:** The "Estimated" expenditure shown above consists only of the Main and Supplementary Estimates net of anticipated year end savings of $30,000,000. Because these savings could not be attributed to specific appropriations, gross expenditure authority totalling $4,590,541,800 was voted to appropriations. This amount was increased during the year as follows:

| | |
|---|---|
| Main and Supplementary Estimates (including general statutory appropriations) | $ 4,590,541,800 |
| Special Warrants | 67,443,700 |
| Adjustment of estimated amount of statutory appropriations to actual expenditure | (68,357,947) |
| Total Authorized Expenditure | $ 4,589,627,553 |

**Note 2:** 1988-89 expenditure includes $281.4 million of Expenditure Related to Capital items (1987-88 - $253.3 million).

**NOTE 2:** The actual and estimated revenue of the 1988-1989 fiscal year as well as the 1987-1988 revenue has been increased to reflect commissions retained by Revenue Officers. These commissions are deducted at the end of the statement to determine total government revenue.

**NOTE 3:** Revenue from Individual Income Tax and Corporation Income Tax has been reduced by the Municipal share of these taxes which is paid to Municipalities in accordance with the Provincial-Municipal Tax Sharing Act, as follows:

| | 1987-1988 | 1988-1989 |
|---|---|---|
| Individual Income Tax | $ 30,429,673 | $ 35,814,572 |

| | $ 40,039,043 | $ 47,124,437 |

**NOTE 4:** The presentation of the actual revenue for the 1987-1988 fiscal year has been changed to reflect the organizational structure of Departments as established in the 1988-1989 Estimates. Organizational changes made subsequent to the 1988-1989 Estimates are minor in nature and have not been reflected in the amounts presented for that fiscal year.

## EXPLANATORY COMMENTS REGARDING REVENUE INCREASES (DECREASES)

### As shown on the Statement of Revenue For the Year Ended March 31, 1989

The total revenue of $4,343.0 million for the year ended March 31, 1989 has increased from the previous fiscal year's total of $4,038.8 million by $304.2 million. The larger revenue increases and decreases consist of the following (in millions of dollars):

| | |
|---|---|
| **Larger Increases:** | |
| Equalization | $ 242.6 |
| Mining Tax | 123.0 |
| Individual Income Tax | 40.9 |
| Corporation Income Tax | 34.0 |
| Retail Sales Tax | 27.9 |
| Government of Canada — Shared Cost Receipts | 20.3 |
| Levy for Health and Education | 11.7 |
| Lottery Revenues for Health | 10.0 |
| Attorney-General — Land Transfer Tax | 5.4 |
| Tobacco Tax | 4.8 |
| Revenue Act, 1964, Part I | 4.4 |
| Gasoline Tax | 2.4 |
| | $ 527.4 |
| **Larger Decreases:** | |
| Established Programs Cash Transfer | $ 8.0 |
| Natural Resources — Water Resources | 7.7 |
| Motive Fuel Tax | 6.7 |
| Highways and Transportation — Automobile and Motor Carrier Licences and Fees | 3.6 |
| Oil and Natural Gas Tax | 2.7 |
| | $ 28.7 |
| **Others: Net Increase** | $ 5.5 |
| Net Increase Before Transfer To Fiscal Stabilization Fund | $ 504.2 |
| Less: Transfer to Fiscal Stabilization Fund | 200.0 (1) |
| Net Increase After Transfer to Fiscal Stabilization Fund | $ 304.2 |

The net increases of $242.6 million in Equalization payments and $123.0 million in Mining Tax were the largest factors contributing to this increase. Comments on these and other significant increases and decreases as well as significant variances between actual and estimated are made in the following paragraphs.

Note (1) The Fiscal Stabilization Fund was established effective March 31, 1989.

**EQUALIZATION ($242.6 million increase)**

The increase in Equalization revenue of $242.6 million — from $620.5 million for the fiscal year ended March 31, 1988 to $863.1 million for the fiscal year ended March 31, 1989 — is mainly attributable to a $173.3 million increase in basic current year entitlements resulting from strong economic performance of the Canadian economy. There was in addition an increase of $69.3 million in prior year adjustment payments ($111.5 million related to prior year entitlements was received in 1988-89 compared to $42.2 million in 1987-88).

The actual revenue received, $863.1 million, exceeded the Estimate by $207.4 million due to an increase of $109.6 million in basic current year entitlements resulting primarily from revised federal estimates of entitlements related to Individual Income Tax, Corporation Income Tax and Sales Tax, and to $97.8 million related to prior years adjustments not included in the Budget Estimate.

**MINING TAX ($123.0 million increase)**

The increase in Mining Tax revenue of $123.0 million — from $28.3 million for the fiscal year ended March 31, 1988 to $151.3 million for the fiscal year ended March 31, 1989 — is primarily attributable to a rise in metal prices, particularly nickel, resulting in an increase of approximately $100.0 million. The change in the mining tax rate from 18% to 20% and the cancellation of processing allowances greater than 10% of processing assets, which were announced in the 1988 Budget, resulted in additional revenue of $21.0 million.

The actual revenue received, $151.3 million, exceeded the Estimate by $33.9 million due to greater than anticipated mining company profits, mainly reflecting the increase in world base metal prices.

### INDIVIDUAL INCOME TAX ($40.9 million increase)

The increase in Individual Income Tax revenue of $40.9 million — from $989.1 million for the fiscal year ended March 31, 1988 to $1,030.0 million for the fiscal year ended March 31, 1989 — is the net result of: a $99.5 million increase in current year entitlements, reflecting an increase in the federal estimate of national basic federal tax for 1988 and the receipt for a twelve month period of the Net Income Tax, which was implemented on July 1, 1987; a $53.2 million net decrease in prior year adjustments (a $17.3 million negative adjustment related to final assessment of 1987 income taxes was applied in 1988-89 compared to the $35.9 million positive adjustment received in 1987-88 for previous tax years); and a $5.4 million decrease due to an increase in payments made under the Provincial-Municipal Tax Sharing Agreement.

The 1988-89 revenue is net after transferring Provincial-Municipal Tax Sharing payments of $35.8 million.

The actual revenue received, $1,030.0 million, was $10.8 million less than the Estimate mainly due to: a $7.7 million decrease in basic current year entitlements resulting from revised federal estimates of the Province's share of national basic federal tax; a $2.7 million decrease resulting from the increase in Provincial-Municipal Tax Sharing payments; and a $0.3 million decrease related to prior year adjustments.

### CORPORATION INCOME TAX ($34.0 million increase)

The increase in Corporation Income Tax revenue of $34.0 million — from $167.0 million for the fiscal year ended March 31, 1988 to $201.0 million for the fiscal year ended March 31, 1989 — is the net result of: a $53.7 million increase in basic current year entitlements, as was reflected in the federal estimate of national Corporation Taxable Income; a $17.6 million net decrease related to prior year adjustments (a $14.4 million negative adjustment related to the final assessment of 1987 income taxes was applied in 1988-89 compared to a $3.2 million positive adjustment received in 1987-88 for prior years); a $1.7 million decrease due to an increase in Provincial-Municipal Tax Sharing payments; and a $0.4 million decrease in payments received under the Public Utilities Income Tax Transfer Act (PUITTA).

The 1988-89 revenue is net after transferring Provincial-Municipal Tax Sharing payments of $11.3 million.

The actual revenue received, $201.0 million, was less than the Estimate by a net $10.0 million. The final assessment of 1987 income taxes resulted in a downward adjustment to revenue of $29.0 million from the Budget Estimate. There was a $0.2 million decrease in payments received under the Provincial Utilities Income Tax Transfer Act (PUITTA). These decreases were partially offset by a $16.5 million increase in basic current year revenue, reflecting an increase in the federal estimate of national Corporation Taxable Income and a $2.7 million increase resulting from a decrease in estimated Provincial-Municipal Tax Sharing payments.

### RETAIL SALES TAX ($27.9 million increase)

The increase in Retail Sales Tax revenue of $27.9 million — from $573.9 million for the fiscal year ended March 31, 1988 to $601.8 million for the fiscal year ended March 31, 1989 — is primarily the result of inflationary increases in the price of goods and services. Approximately $5.5 million is attributable to the full year effect of the change in tax rate from 6% to 7% and the imposition of sales tax on tobacco products, effective May 4, 1987.

### GOVERNMENT OF CANADA — SHARED COST RECEIPTS ($20.3 million increase)

The increase in Government of Canada Shared Cost Receipts of $20.3 million — from $256.4 million for the fiscal year ended March 31, 1988 to $276.7 million for the fiscal year ended March 31, 1989 — is the net result of several increases and decreases reflected in various cost-shared agreements:

Recoveries related to the Canada Assistance Plan (C.A.P.) increased by $6.0 million in the Department of Employment Services and Economic Security, $5.1 million in the Department of Community Services and $1.1 million in the Department of Health, primarily as a result of an increased level of provincial expenditure in the social services programs. Recovery of social allowance expenditures made on behalf of Treaty Indians increased by $3.3 million in the Department of Employment Services and Economic Security. The Canada-Manitoba Greenfeed Agreement was established in 1988-89 to assist farmers experiencing difficulties caused by the 1988 drought resulting in an increase in revenue in the Department of Agriculture of $4.2 million.

The actual revenue received, $276.7 million, was $9.1 million less than the Estimate mainly due to: a $6.2 million decrease in Department of Community Services revenue related primarily to recoveries under the Canada Assistance Plan, including a decrease of $3.9 million in projected recoveries under the proposed new National Day Care Agreement which did not go into effect as anticipated; a decrease of $3.0 million in Department of Education revenue reflecting projected capital related recoveries under the proposed National Day Care Agreement; and the Attorney-General's Department revenue related to capital was $3.0 million lower than estimated due to delays in construction of the Remand Centre. These decreases were partially offset by a $2.2 million increase in recoveries related to Social Allowance payments to Treaty Indians in the Department of Employment Services and Economic Security.

### LEVY FOR HEALTH AND EDUCATION ($11.7 million increase)

The increase in Levy for Health and Education revenue of $11.7 million — from $187.5 million for the fiscal year ended March 31, 1988 to $199.2 million for the fiscal year ended March 31, 1989 — is the net result of: an increase of $8.0 million reflecting the full year impact of the change in tax rate from 1.5% to 2.25% effective April 1, 1987 (due to timing of receipts, only eleven months revenue was based on the new rate in 1987-88 compared to twelve months in 1988-89); an increase of $7.4 million attributable to growth in employment and/or wages of approximately 4%; and a decrease of $3.7 million resulting from the changes to the exemption levels announced in the 1988 Budget.

### LOTTERY REVENUES FOR HEALTH
**($10.0 million increase)**

A one-time receipt of $10.0 million from Lotteries Trust Accounts was budgeted in 1988-89. This revenue formed part of the revenue transfer to the Fiscal Stabilization Fund established effective March 31, 1989.

### ATTORNEY-GENERAL — LAND TRANSFER TAX
**($5.4 million increase)**

The increase in Land Transfer Tax revenue — from $10.1 million for the fiscal year ended March 31, 1988 to $15.5 million for the fiscal year ended March 31, 1989 — is primarily attributable to the receipt of $4.1 million from Manitoba Properties Inc. (M.P.I.) for taxes assessed on the transfer of provincial buildings to M.P.I. The balance, $1.3 million, mainly reflects the full year effect of the change in the tax structure implemented May 15, 1987.

The actual revenue received, $15.5 million, exceeded the Estimate by $2.6 million primarily as a result of the unanticipated receipt of $4.1 million from M.P.I. Offsetting this receipt was a $1.5 million decrease in planned revenue, largely due to lower than estimated housing starts and commercial transactions.

### TOBACCO TAX ($4.8 million increase)

The increase in Tobacco Tax revenue of $4.8 million — from $94.0 million for the fiscal year ended March 31, 1988 to $98.8 million for the fiscal year ended March 31, 1989 — is mainly attributable to the increase in the tax rate from 4.6 cents per cigarette to 5.5 cents per cigarette with a corresponding increase in other tobacco products effective September 12, 1988 which resulted in additional revenue of $7.5 million. Partially offsetting this increase is a $2.7 million reduction related to uncollectible taxes due to declaration of bankruptcy by two companies.

The actual revenue received, $98.8 million, exceeded the Estimate by $4.3 million mainly because the estimated decline in consumption did not materialize as anticipated.

### REVENUE ACT, 1964, PART I ($4.4 million increase)

The increase in Revenue Act, 1964, Part I revenue of $4.4 million — from $41.4 million for the fiscal year ended March 31, 1988 to $45.8 million for the fiscal year ended March 31, 1989 — is attributable to: the increased price of electricity, natural gas and coal, as well as to higher consumption in 1988-89 — approximately $2.5 million; the full year effect of the increase in the tax rate from 6% to 7% effective May 4, 1987 — approximately $1.0 million; and the change in Motive Fuel Tax on natural gas used as a fuel in internal combustion engines to an ad valorem tax under this statute, effective November 1, 1987 — approximately $0.9 million.

### GASOLINE TAX ($2.4 million increase)

The increase in Gasoline Tax revenue of $2.4 million — from $119.7 million for the fiscal year ended March 31, 1988 to $122.1 million for the fiscal year ended March 31, 1989 — is primarily due to an increase in the special surcharge on leaded gasoline from 0.9 cents per litre to 1.8 cents per litre and the increase in tax on aviation fuel from 1.0 cent per litre to 5.8 cents per litre, effective September 1, 1988.

### ESTABLISHED PROGRAMS CASH TRANSFER
**($8.0 million decrease)**

The decrease in Established Programs Cash Transfer revenue of $8.0 million — from $434.1 million for the fiscal year ended March 31, 1988 to $426.1 million for the fiscal year ended March 31, 1989 — is primarily the result of a $9.6 million decrease related to prior year adjustments (a $22.4 million negative adjustment was applied in 1988-89 related to revisions to actual entitlements for 1986-87 and 1987-88, compared to a $12.8 million negative adjustment applied in 1987-88). This decrease was partially offset by a $1.6 million increase in basic current year entitlements.

The actual revenue received, $426.1 million, was $28.9 million less than the Estimate due to unanticipated negative prior year adjustments of $22.4 million and a $6.5 million decrease in basic current year entitlements, reflecting revisions to the value of total entitlements and revised federal estimates of the value of the "tax transfer" element of the Established Programs Financing formula.

### NATURAL RESOURCES — WATER RESOURCES
**($7.7 million decrease)**

The decrease in Water Resources revenue of $7.7 million — from $31.9 million for the fiscal year ended March 31, 1988 to $24.2 million for the fiscal year ended March 31, 1989 — is mainly attributable to decreased water power rental recoveries resulting from reduced water flows caused by the severe drought conditions in 1988.

### MOTIVE FUEL TAX ($6.7 million decrease)

The decrease in Motive Fuel Tax revenue of $6.7 million — from $71.7 million for the fiscal year ended March 31, 1988 to $65.0 million for the fiscal year ended March 31, 1989 — is primarily attributable to the cancellation of the 7 cents per kilogram tax on compressed natural gas used in internal combustion engines, effective November 1, 1987.

### HIGHWAYS AND TRANSPORTATION — AUTOMOBILE AND MOTOR CARRIER LICENCES AND FEES
**($3.6 million decrease)**

The decrease in Automobile and Motor Carrier Licences and Fees of $3.6 million — from $33.8 million for the fiscal year ended March 31, 1988 to $30.2 million for the fiscal year ended March 31, 1989 — is primarily the result of a change in the timing of recovery of revenue collected by the Manitoba Public Insurance Corporation (M.P.I.C.) on behalf of the Province during the insurance renewal period.

The actual revenue received, $30.2 million, is less than the Estimate by $4.0 million also as a result of the change in the timing of recovery of revenue from M.P.I.C.

### OIL AND NATURAL GAS TAX ($2.7 million decrease)

The decrease in Oil and Natural Gas Tax revenue of $2.7 million — from $8.4 million for the fiscal year ended March 31, 1988 to $5.7 million for the fiscal year ended March 31, 1989 — is primarily attributable to a 24.6% drop in the price of crude oil from an annual average of $22.28/BBL in 1987-88 to $16.80/BBL in 1988-89. As well, production decreased by 3%.

## EXPLANATORY COMMENTS REGARDING EXPENDITURE INCREASES (DECREASES)

### As shown on the
### Statement of Expenditure
### For the Year Ended March 31, 1989

The total expenditure of $4,484.3 million for the year ended March 31, 1989 has increased from the previous fiscal year's total of $4,338.4 million by $145.9 million.

The largest increase, $92.3 million in the Department of Health, is primarily attributable to a $83.2 million increase in payments to the Manitoba Health Services Commission.

Other significant increases were $41.9 million in the Department of Education, mainly the result of a $32.8 million increase in financial support provided to the school system, and $21.4 million in the Department of Agriculture, largely due to the introduction of the Emergency Drought Relief Program in 1988-89 which resulted in expenditures of $17.0 million.

Partially offsetting these increases are: a $75.5 million decrease related to non-recurring Extraordinary Expenditures reported in 1987-88 pertaining to Provincial liability of Workers' Compensation Board and Manitoba Public Insurance Corporation losses; and a $36.7 million net decrease in the Department of Finance comprised of reductions in Public Debt and Hydro Rates Stabilization costs of $55.5 million and $8.6 million, respectively, and an increase in Tax Credit Payments of $26.6 million.

Although salary and other general cost increases account for a substantial portion of the total increase, certain major items in departmental expenditures are commented on in the following paragraphs:

**LEGISLATION ($5.8 million increase)**

The major increase in spending, $4.5 million, occurred in the Elections Manitoba office as a result of the April 26, 1988 Provincial election. Statutory expenditures incurred on behalf of members of the Legislature increased by $0.8 million, primarily due to a $0.5 million increase in Retirement Allowances.

**AGRICULTURE ($21.4 million increase)**

The largest increase in departmental expenditures, $17.0 million, occurred as a result of the introduction of the Emergency Drought Relief Program in 1988-89 to assist farmers experiencing difficulties caused by the severe drought conditions in the Province.

Beef Stabilization Fund expenditures were $2.7 million higher than last year, primarily due to the $4.0 million change between years in the provision for the valuation allowance for the Manitoba Beef Commission. Partially offsetting this increase to expenditures were: a $0.7 million decrease in interest costs due to the reduction in the outstanding balance of the loan to the Fund; a $0.5 million decrease in beef premium costs, largely the result of a 16.5% drop in volume in the Commission's marketing; and a $0.3 million reduction in expenditures related to loan forgiveness.

Other significant increases were: $2.1 million for the Education Tax Reduction Program For Farmers, resulting primarily from the changes announced in the 1988 Budget which provided a 25% across-the-board reduction in the school taxes assessed on farmland; a $2.3 million increase in Animal Industry expenditures related to the Milk Lab due to the settlement of litigation with the Manitoba Milk Producers' Marketing Board; and a $1.2 million increase in Manitoba Crop Insurance Corporation administration costs due to an increase in loss adjusting inspections resulting from the 1988 drought — approximately 32,000 inspections in 1988 compared to 12,800 in the previous year.

Offsetting these increases is a $4.6 million decrease in payments to the Manitoba Agricultural Credit Corporation which is primarily due to a $5.4 million reduction in requirements for the Allowance for Doubtful Accounts. This reduction is attributable to an improvement in the market price for grain and payments from Western Grain Stabilization and the Canadian Wheat Board. This decrease is partially offset by an increase in spending related to Special Programs for Farmers and the Loan Guarantee Program of $0.5 million and $0.3 million respectively.

**ATTORNEY-GENERAL ($10.5 million increase)**

The increase in departmental expenditures is primarily attributable to: a $2.4 million increase in spending in Adult Corrections, due mainly to high inmate population ($1.8 million resulted from expansion of staff complement in accordance with a Health and Safety ruling); a $2.4 million increase in payments to the R.C.M.P. for the provincial share of police services provided; a $1.1 million increase in Canada-Manitoba Legal Aid costs, reflecting increased volume of billings from the private bar and an increase in the tariff effective October 1987; and a $1.7 million increase related to Land Titles workload backlog, system upgrade and the Public Inquiry into the Administration of Justice and Aboriginal People.

**CIVIL SERVICE ($2.6 million increase)**

The largest increase in departmental expenditures was $2.5 million for costs pertaining to employee benefits which are required by legislation or agreement. Significant year-over-year changes are: a $1.4 million increase in contributions to the Civil Service Superannuation Plan; a $0.4 million increase in payments related to the Canada Pension Plan; a $0.3 million increase in the Government's share of premiums paid under the Unemployment Insurance Plan; and a $0.3 million increase in payments for the Dental Plan.

**COMMUNITY SERVICES ($11.8 million increase)**

The increase in departmental expenditures is mainly the result of: a $2.3 million increase in Child Day Care — Grants, which is related primarily to a $1.7 million year-over-year increase in Salary Enhancement Grant expenditures and a $0.4 million increase in Maintenance Grants; a $1.4 million increase in Child Day Care — Subsidies resulting from both an increase in case load and an increase in fees for child care in public facilities; a $2.0 million increase in financial assistance provided under Community Social Services — Programs, primarily as a result of price and volume increases; a $1.7 million increase in payments to External Agencies from the Child and Family Support program, mainly the result of price increases and expanded child abuse services; and a $1.1 million increase in Children's Special Services — Financial Assistance and External Agency expenditures, $0.7 million for disabled children to remain living with their families and $0.4 million for St. Amant per diem increases.

### EDUCATION ($41.9 million increase)

The increase in expenditures is mainly the result of: a $32.8 increase in the level of School Grants and Other Assistance (operating — $32.2 million, capital — $0.6 million) provided to the school system, including a $3.3 million increase to private schools; a $2.8 million increase in Government contributions to the Teachers' Retirement Allowance Fund; and a $2.0 million increase in the level of General Support Grant Funding. An increase of $9.3 million provided to the Universities Grants Commission was more than offset by the provision of special one-time expenditure in 1987-88 of $10.2 million, for a net year over year decrease of $0.9 million.

### EMPLOYMENT SERVICES AND ECONOMIC SECURITY ($14.6 million increase)

The increase in departmental expenditures is mainly attributable to: a $12.5 million increase in Social Allowance Assistance provided to individuals, primarily due to a $7.5 million or 6% increase in the level of support and a $5.0 million or 2.3% increase in caseload; a $3.7 million increase in Municipal Assistance payments, mainly due to a $1.8 million or 4.7% increase in the level of support and a $1.3 million or 3.3% increase in caseload; and a $1.0 million increase in Social Allowances Health Services due to a $0.7 million or 6.5% increase in the level of support and a $0.3 million or 2.9% increase in caseload.

These increases are partially offset by a $3.5 million decrease in Employment Programs — Job Training for Tomorrow due to the earlier completion of phase 2 of the program and a reduction in the level of funding provided in 1988-89.

### ENERGY AND MINES ($10.9 million decrease)

The decrease in departmental expenditures is mainly attributable to the payment of non-recurring costs in 1987-88: $0.9 million for costs related to the Government's Natural Gas Policy; $0.5 million for the payment to Manitoba Hydro relating to construction of the Churchill Hydro Line extension; a $0.5 million write-off of a forgivable loan related to the West Anomaly. In addition, $9.0 million was established as a valuation allowance related to the Ruttan Mine.

### FINANCE ($36.7 million decrease)

The decrease in departmental spending is mainly attributable to a net decrease of $55.5 million in Public Debt expenditures. The major factors contributing to this decrease were a $92.3 million decrease in the cost of servicing our foreign debt (including amortization) due to more favorable exchange rates and the Province's reduced exposure to foreign debt, and a decrease in expenditures due to a net increase of $25.5 million in investment earnings. Partially offsetting these decreases were an increase of $30.3 million due to interest rate increases (the major portion of which was as a result of higher interest rates payable on debt which has been swapped to Canadian and U.S. Dollars) and a $30.3 million increase in interest costs on long-term financing.

Hydro Rate Stabilization expenditures decreased by $8.6 million. Final year maturity costs (including regular amortization) decreased by $63.0 million, interest costs decreased by $9.5 million due to favorable foreign exchange rates, maturities, and reductions in interest rates. These reductions were partly offset by a $63.9 million charge relating to the termination of the Hydro Rate Stabilization program. As of April 1, 1989 Manitoba Hydro assumes responsibility for the balance of their foreign debt.

The increase in Tax Credit Payments of $26.6 million is mainly attributable to a $24.9 million increase in expenditures related to the Cost of Living Tax Credit program. The growth in this program was due mainly to the increase in the maximum benefit levels introduced for the 1987 taxation year.

### GOVERNMENT SERVICES ($11.7 million increase)

The increase in departmental expenditures is primarily attributable to a $7.8 million increase in Property Management program costs, mainly due to the payment in 1988-89 of $4.1 million for Land Transfer Taxes assessed on Provincial properties transferred to Manitoba Properties Inc., a $2.5 million increase in the cost of leasing properties, and a $1.3 million increase in costs related to the operation of facilities.

The net increase in Capital Program expenditures, $3.6 million, occurred mainly as a result of: the provision of a $2.3 million grant to the R.M. of Gimli related to the turnover of municipal services to the town; a $0.7 million net increase in minor construction projects in Government Services facilities; and a $0.7 million increase in North Portage Redevelopment expropriation expenditures.

### HEALTH ($92.3 million increase)

The most significant increase in departmental expenditures, $83.2 million in payments to the Manitoba Health Services Commission, is primarily attributable to: a $53.8 million increase in Hospital Program costs — $33.2 million for general price increases for salaries and supplies, $15.5 million for new and renovated facilities and equipment purchases, and $5.1 million for program expansion, new initiatives, advanced information technology and the Life Support Supplies Fund; a $20.9 million net increase in the Personal Care Home Program expenditures — $14.1 million for general cost increases for salaries and supplies and $10.4 million for new and renovated facilities, partially offset by a $3.6 million increase in recoveries related to residential charges and uninsured income; a $4.3 million net increase in the Medical Program resulting from price increases totalling $11.0 million and volume decreases totalling $6.7 million; and a $3.0 million net increase in the Pharmacare Program, primarily the result of price and volume increases.

Expenditures related to the Continuing Care — Home Care Assistance Program increased by $3.5 million, primarily due to an increase in the intensity of care for clients of Home Care Attendants and salary increases negotiated under the Home Care Attendant Collective Agreement.

### HIGHWAYS AND TRANSPORTATION
### ($8.3 million increase)

The increase in departmental expenditures is largely attributable to a $5.0 million increase in the Construction program resulting from an increase in the funding level in 1988-89 to provide for an increased level of activity, and to a $5.0 million increase in the Highway Maintenance program resulting from increased winter maintenance activities due to the severe weather conditions.

Partially offsetting these increases are a $3.7 million decrease associated with the completion of the purchase of a CL-215 Water Bomber in 1987-88 and a $1.5 million net decrease in Mechanical Equipment Services spending, resulting mainly from an increase in recoveries from other Branches for costs related to winter maintenance activities.

### HOUSING ($3.6 million increase)

The increase in departmental expenditures is primarily the result of a $3.4 million increase in Transfer Payments to the Manitoba Housing and Renewal Corporation of which $3.9 million is related to an increase in loan forgiveness in the Senior Rentalstart program, $1.3 million to the annualization of rental subsidies for units built in 1987-88, and $0.9 million for increased interest costs. Non-recurring expenditures in 1987-88 of $3.1 million for the repayment of long-term debt due to the completion and closeout of land used for residential development partially offset the above noted increases.

### MUNICIPAL AFFAIRS ($3.4 million increase)

The increase in departmental expenditures is mainly the result of a $1.9 million increase in grants to municipalities in lieu of taxes, primarily attributable to general realty tax increases and the addition of new provincial properties, and a $1.4 million increase in Systems Services costs which are mainly related to the development of the Manitoba Assessment Computer System.

### NATURAL RESOURCES ($12.2 million increase)

The increase in departmental expenditures is mainly attributable to a $9.1 million increase in fire suppression costs resulting from an increase of approximately 459 fires over the previous year due to drought conditions in the Province, and to a $1.4 million increase in expenditures under the Canada-Manitoba Flood Protection Projects Agreement for the construction of dykes in southern Manitoba.

### NORTHERN AFFAIRS ($9.7 million increase)

The increase in departmental expenditures is mainly the result of an $8.9 million increase in costs related to the Northern Flood Agreement. Comprehensive negotiations were conducted in 1988-89 to resolve outstanding Provincial obligations to provide economic compensation to five northern Indian Bands affected by hydro projects.

### URBAN AFFAIRS ($12.4 million increase)

The increase in departmental expenditures is mainly attributable to an $8.5 million increase in Financial Assistance provided to the City of Winnipeg as a result of: a $2.3 million net increase in the level of operating grants provided; a $2.1 million increase related to a one-time Special Education Transfer Grant to offset loss of interest revenue due to acceleration of the remittance of education tax levies to School Districts and the Public School Finance Board; and a $4.1 million net increase in capital grant funding, primarily for Urban Transit and Urban Transportation Grants.

Expenditures related to the Canada-Manitoba Winnipeg Core Area Renewed Agreement increased by $5.5 million reflecting the full year impact of programs introduced in 1987-88, the implementation of new capital projects in 1988-89 and the acceleration of program delivery. This increase was partially offset by a $1.3 million decrease in costs related to the first Core Area Agreement, due mainly to the completion of projects in 1987-88 except for settlements associated with acquisition of land which were finalized in 1988-89.

### ALLOWANCE FOR LOSSES AND EXPENDITURES INCURRED BY CROWN CORPORATIONS AND OTHER PROVINCIAL ENTITIES
### ($7.5 million increase)

The net increase in expenditures is primarily attributable to: the divestiture of the Manitoba Oil and Gas Corporation which resulted in a net increase in costs of $7.7 million; the change in the valuation allowance for Manitoba Properties Inc. which resulted in a net increase in expenditures of $8.3 million; and the change recorded in the valuation allowance of the Manitoba Housing and Renewal Corporation to reflect its accumulative deficit position at March 31, 1989 which resulted in a net increase of $2.1 million. Offsetting these increases are: a $5.9 million decrease related to divestiture costs recorded for Flyer Industries Ltd. in 1987-88 and a $4.9 million decrease in expenditures related to the Province's liability for the Manitoba Potash Corporation — $5.4 million was charged in 1987-88 compared to $0.5 million in 1988-89.

## EXTRAORDINARY EXPENDITURES

### MANITOBA PUBLIC INSURANCE CORPORATION
### ($59.1 million decrease)

The decrease represents the liability the Province recorded in 1987-88 to reflect the cumulative deficits of the Manitoba Public Insurance Corporation, Reinsurance Assumed activities and the Personal and Commercial lines of the General Insurance Division.

This was a one-time adjustment as a result of the review of government accounting policies during 1987-88.

### WORKERS' COMPENSATION BOARD
### ($16.4 million decrease)

A one-time expenditure was incurred in 1987-88 to record the liability the Province assumed for the estimated loss of interest that resulted from the limitations imposed by the Government on assessment rate increases proposed by the Workers' Compensation Board during the years 1983 through 1987.

This was a one-time adjustment as a result of the review of government accounting policies during 1987-88.

## EXPLANATORY COMMENTS REGARDING EXPENDITURE OBJECT CODE INCREASES (DECREASES)

### For the Year Ended March 31, 1989

**NOTE 1: PERSONNEL SERVICES**
**($31.7 million increase)**

The increased costs of $31.7 million in this category results mainly from the general salary increase that was negotiated with employees. This increase was effective September 23, 1988.

Other contributing factors to the $31.7 million increase were as follows:

a) An increase of $2.5 million occurred in employee benefits required by legislation or agreement as follows: Civil Service Superannuation Plan $1.4 million, Unemployment Insurance Plan $0.3 million, Canada Pension Plan $0.4 million and Dental Plan $0.3 million.

b) An increase of $3.5 million occurred in the Continuing Care - Home Care Assistance program in the Department of Health. This increase was primarily due to an increase in the intensity of care for clients of Home Care Attendants and salary increases negotiated under the Home Care Attendant Collective Agreement.

**NOTE 2: GRANTS/TRANSFER PAYMENTS**
**($114.8 million increase)**

Significant increases or decreases in the amount of grants or transfer payments made under certain programs occurred in the following Departments:

a) **HEALTH**
**($78.0 million increase)**

The major factor contributing to the increase in departmental expenditures is an increase of $83.2 million in payments to the Manitoba Health Services Commission. This increase is primarily attributable to: a $53.8 million increase in Hospital Program costs - $33.2 million for general price increases for salaries and supplies and $5.1 million for program expansion, new initiatives, advanced information technology and the life support supplies fund; a $20.9 million net increase in the Personal Care Home Program expenditures - $14.1 million for general cost increases for salaries and supplies and $10.4 million for new and renovated facilities, partially offset by a $3.6 million increase in recoveries related to residential charges and uninsured income; a $4.3 million net increase in the Medical Program resulting from price increases totalling $11.0 million and volume decreases totalling $6.7 million; a $3.0 million net increase in the Pharmacare Program primarily the result of price and volume increases.

b) **EDUCATION**
**($38.9 million increase)**

The increase in expenditures is mainly the result of: a $34.0 million increase in the level of School Grants and Other Assistance provided to the school system, including a $3.3 million increase to private schools; a $2.8 million increase in Government contributions to the Teachers Retirement Allowances Fund; and a $2.0 million increase in the level of General Support Grant Funding.

c) **FINANCE**
**($26.6 million increase)**

The increase in departmental expenditure in this category was due to an increase in Tax Credit Payments of $26.6 million. This was mainly attributable to a $24.9 million increase in expenditures related to the Cost of Living Tax Credit program. The growth in this program was due mainly to the increase in the maximum benefit levels introduced in the 1987 taxation year.

d) **AGRICULTURE**
**($19.0 million increase)**

The largest increase in departmental expenditures, $17.0 million, occurred as a result of the introduction of the Emergency Drought Relief Program in 1988-89 to assist farmers experiencing difficulties caused by the severe drought conditions in the Province. Beef Stabilization Fund expenditures were $2.7 million higher than last year, primarily due to a $4.0 million increase related to the change in the valuation allowance for the Manitoba Beef Commission.

Partially offsetting this increase to expenditure were: a $0.7 million decrease in interest costs due to the reduction in the outstanding balance of the loan to the fund; a $0.5 million decrease in beef premium costs, largely the result of a 16.5% drop in volume in the Commissions marketing; and a $0.3 million reduction in expenditures related to loan forgiveness. Other significant increases were: $2.1 million for the Education Tax Reduction Program For Farmers, resulting primarily from the changes announced in the 1988 Budget which provided a 25% across-the-board reduction in the school taxes assessed on farmland; a $2.3 million increase in Animal Industry expenditures related to the Milk Lab due to the settlement of litigation with the Manitoba Milk Producers' Marketing Board; and a $1.2 million increase in Manitoba Crop Insurance Corporation administration costs due to an increase in loss adjusting inspections resulting from the 1988 drought — approximately 32,000 inspections in 1988 compared to 12,800 in the previous year. Offsetting these increases is a $4.6 million decrease in payments to the Manitoba Agricultural Credit Corporation which is primarily due to a $5.4 million reduction in requirements for the Allowance for Doubtful Accounts. This reduction is attributable to an improvement in the market price for grain and payments from Western Grain Stabilization and the Canadian Wheat Board. This decrease is partially offset by an increase in spending related to Special Programs for Farmers and the Loan Guarantee Program of $0.5 million and $0.3 million respectively.

e) **COMMUNITY SERVICES**
**($8.5 million increase)**

The increase in departmental expenditure in this category was mainly the result of: a $2.3 million increase in Child Day Care Grants, which is related primarily to a $1.7 million year-over-year increase in Salary Enhancement Grant expenditures and a $0.4 million increase in Maintenance Grants; a $1.7 million increase in payments to External Agencies from Child and Family Support Programs mainly the result of price increases; and a $1.1 million increase in Children's Special Services - Financial Assistance and External Agency expenditures, $1.7 million for disabled children with their families and $0.4 million for St. Amant per diem increases.

f) **URBAN AFFAIRS**
**($6.4 million increase)**

The increase in expenditure is mainly the result of a $2.3 million net increase in the level of operating grants to the City of Winnipeg and a $2.1 million increase related to a one-time Special Education Transfer Grant to offset loss of interest revenue due to the acceleration of the remittance of education tax levies to School Districts and the Public Schools Finance Board.

g) **HOUSING**
**($3.0 million increase)**

The increase in departmental expenditures in this category is primarily the result of a $3.4 million increase in Transfer Payments to the Manitoba Housing and Renewal Corporation of which $3.9 million is related to an increase in loan forgiveness in the Senior Rentalstart program, $1.3 million to the annualization of rental subsidies for units built in 1987-88, and $0.9 million for increased interest costs. Non-recurring expenditures in 1987-88 of $3.1 million for the repayment of long-term debt due to the completion and closeout of land used for residential development partially offset the above noted increases.

h) **CROWN CORPORATION LOSSES AND EXPENDITURES ($7.9 million increase)**

The net increase in expenditures in this category is primarily attributable to the divestiture of the Manitoba Oil and Gas Corporation which resulted in a net increase in costs of $7.7 million; the change in the valuation allowance for Manitoba Properties Inc. which resulted in a net increase in expenditures of $8.3 million; and the change recorded in the valuation allowance of the Manitoba Housing and Renewal Corporation to reflect its accumulative deficit position at March 31, 1989 which resulted in a net increase of $2.1 million. Offsetting these increases are: a $5.9 million decrease related to divestiture costs recorded for Flyer Industries Ltd. in 1987-88 and a $4.9 million decrease in expenditures related to the Province's liability for the Manitoba Potash Corporation - $5.4 million was charged in 1987-88 compared to $0.5 million in 1988-89.

i) **EXTRAORDINARY EXPENDITURES**
**($75.5 million decrease)**

The decrease of expenditure in this category was the result of the following:

a) **WORKERS' COMPENSATION BOARD**
**($16.4 million decrease)**

A one-time expenditure was incurred in 1987-88 to record the liability the Province assumed for the estimated loss of interest that resulted from the limitations imposed by the Government on assessment rate increases proposed by the Workers' Compensation Board during the years 1983 through 1987. This was a one-time adjustment as a result of the review of government accounting policies during 1987-88.

b) **MANITOBA PUBLIC INSURANCE CORPORATION**
**($59.1 million decrease)**

The decrease represents the liability the Province recorded in 1987-88 to reflect the cumulative deficits of the Manitoba Public Insurance Corporation, Reinsurance Assumed activities and the Personal and Commercial lines of the General Insurance Division. This was a one-time adjustment as a result of the review of government accounting policies during 1987-88.

### NOTE 3: TRANSPORTATION
**($4.0 million increase)**

The increase in expenditure in this category occurred mainly in the Department of Natural Resources due to an increase of $4.5 million in fire suppression costs resulting from an increase of approximately 459 fires over the previous year due to drought conditions in the Province.

### NOTE 4: SUPPLIES AND SERVICES
**($21.0 million increase)**

The increase in this category is mainly due to the following:

a) **GOVERNMENT SERVICES**
**($11.9 million increase)**

The increase in departmental expenditure is primarily attributable to a $9.9 million increase in Property Management program costs, mainly due to the payment in 1988-89 of $4.1 million for Land Transfer Taxes assessed on Provincial properties transferred to Manitoba Properties Inc., a $2.5 million increase in the cost of leasing properties, and a $1.3 million increase in costs related to the operation of facilities.

b) **HIGHWAYS ($11.3 million increase)**

The increase in departmental expenditure is primarily attributable to a $5.0 million increase in the Highway Maintenance program resulting from increased winter maintenance activities due to the severe weather conditions.

c) **ATTORNEY-GENERAL**
**($6.5 million increase)**

The increase in Departmental expenditure in this category is mainly attributable to an increase of $2.4 million in payments to the R.C.M.P. for the provincial share of police services.

### NOTE 5: PUBLIC DEBT
**($63.7 million decrease)**

The decrease in departmental spending in this category is mainly attributable to a net decrease of $55.5 million in Public Debt expenditures. The major factors contributing to this decrease were a $92.3 million decrease in the cost of servicing our foreign debt (including amortization) due to more favourable exchange rates and the Province's reduced exposure to foreign debt, and a decrease in expenditures due to a net increase of $25.5 million in investment earnings. Partially offsetting these decreases were an increase of $30.3 million due to interest rate increases (the major portion of which was as a result of higher interest rates payable on debt which has been swapped to Canadian and U.S. Dollars) and a $30.3 million increase in interest costs on long-term financing. Hydro Rate Stabilization expenditures decreased by $8.6 million. Final year maturity costs (including regular amortization) decreased by $63.0 million, interest costs decreased by $9.5 million due to favourable foreign exchange rates, maturities, and reductions in interest rates. These reductions were partly offset by a $63.9 million charge relating to the termination of the Hydro Rate Stabilization program. As of April 1, 1989 Manitoa Hydro assumes responsibility for the balance of their foreign debt.

### NOTE 6: CAPITAL
**($28.2 million increase)**

The increase in this category was mainly due to the following:

a) **GOVERNMENT SERVICES**
**($3.9 million increase)**

The increase in departmental spending in this category was due to a net increase in Capital Program expenditures of $3.6 million. This occurred mainly as a result of: the provision of a $2.3 million grant to the R.M. of Gimli related to the turnover of municipal services to the town; and a $1.4 million net increase in construction projects in Government Services facilities.

b) **HEALTH**
**($15.9 million increase)**

The increase in departmental spending in this category was due to an increase of $15.5 million for new and renovated facilities and equipment purchases.

c) **HIGHWAYS AND TRANSPORTATION**
**($10.9 million increase)**

The increase in departmental expenditures in this category is largely attributable to a $5.0 million increase in the construction program resulting from an increase in the funding level in 1988-89 to provide for general price increases.

d) **NATURAL RESOURCES**
**($4.1 million increase)**

The increase in departmental expenditures in this category is mainly due to a $3.1 million increase in fire suppression costs and a $1.4 million increase in expenditures under the Canada/Manitoba Flood Protection Projects Agreement for the construction of dykes in Southern Manitoba.

e) **URBAN AFFAIRS**
**($6.2 million increase)**

The increase in departmental expenditure in this category is mainly attributable to a $4.1 million net increase in capital grant funding, primarily for Urban Transit and Urban Transportation Grants as well as a $2.7 million increase in payments to Canada and Winnipeg related to Canada-Manitoba Winnipeg Core Area Renewed Agreement.

f) **EDUCATION**
**($4.2 million decrease)**

The decrease in this category was due mainly to a decrease in level of capital grant funding to the Universities Grants Commission as a result of the payment of non-recurring expenditures totalling $10.2 million in 1987-88.

g) **MANITOBA JOBS FUND**
**($8.4 million decrease)**

This decrease was mainly due to the completion of the Churchill Hydro Line extension in 1987-88 resulting in a $6.5 million decrease during the current year. Jobs Fund projects were carried out in originating departments during the 1988-89 fiscal year.

**NOTE 7:** **OTHER OPERATING**
**($8.3 million decrease)**

The overall decrease in this category is mainly attributable to the fact that the Jobs Fund ceased to exist as a Department. Jobs Fund expenditures and recoveries were coded to this category, consequently the decrease in expenditure as well as the decrease in recoveries effects an overall decrease in this category. Expenditures by other departments carrying on Jobs Fund programs are not always coded to this category also causing decreased expenditure.

**NOTE 8:** **SOCIAL ASSISTANCE RELATED**
**($15.6 million increase)**

The increase in this category was mainly due to an increase in departmental expenditure in the Department of Employment Services and Economic Security. This increase is mainly attributable to: a $12.5 million increase in Social Allowance Assistance provided to individuals, primarily due to a $7.5 million or 6% increase in the level of support and a $5.0 million or 2.3% increase in caseload; a $3.7 million increase in Municipal Assistance payments, mainly due to a $1.8 million or 4.7% increase in the level of support and a $1.3 million or 3.3% increase in caseload; and a $1.0 million increase in Social Allowances Health services due to a $0.7 million or 6.5% increase in the level of support and a $0.3 million or 2.9% increase in caseload.

**NOTE 1:** The future commitment amount for Government Services includes $52,384,300 for rental payments under existing agreements with Manitoba Properties Inc. The original lease has a life term of ninety-nine years with a provision for renegotiation of rental payments every five years. Negotiations for the next five year period are currently in progress. Rates currently in place amount to an annual rental of $61,486,600.

**NOTE 2:** The Appropriation Act, 1988 authorizes the Government to commit expenditures up to an amount not exceeding $300,000,000 for the purpose of ensuring completion of projects or fulfilling contracts initiated prior to March 31, 1989. Any expenditures so committed must be included in the estimates of the fiscal year in which the expenditures are expected to be made.

Accordingly, the Departmental commitments shown relate to long-term ongoing contracts covering the acquisition and/or rental of Capital Assets.

## GOVERNMENT OF THE PROVINCE OF MANITOBA TRUST FUND ACCOUNTING POLICIES

The Trust Fund is divided into two primary divisions, Administered Trusts and Custodial Trusts. Those trusts where the Government has the responsibility for the administration and for investment of the trust are considered Administered Trusts. Those trusts where the Government responsibility is custodial in nature and there is little or no administration responsibility are considered Custodial Trusts. Generally, the responsibility for investment of Custodial Trust is that of the depositor.

Administered Trusts are divided into five categories:

1. Sinking Funds — This category includes sinking fund contributions deposited with the Minister of Finance by Crown corporations, agencies, boards and commissions in respect of their direct debt.

2. Funds on Deposit for Investment — Funds surplus to the immediate cash requirement of Crown corporations, agencies, boards and commissions are deposited for investment with the Minister of Finance.

   Although certain of these deposits are covered by specific investments in the Trust Fund, the majority of these funds are invested with the Minister of Finance and interest is paid at market rate in accordance with the term of the investment.

3. Banking Facility Accounts — These accounts are operated for those Crown corporations, agencies, boards and commissions who bank with the Minister of Finance.

4. Operating Trusts — Certain trusts are established where legislation or agreements require receipts and related expenditure to be kept separate from Government revenue and expenditure. These "designated trusts" may, in some cases, be used for programs similar to those operated from appropriated funds but are kept separate because a trust requirement has been established. A separate Statement of Receipts, Disbursements and Transfers is prepared for each of these operating trusts and is published in the Trust Fund section of the Public Accounts.

5. Miscellaneous Trusts — This category contains trust accounts resulting from the sundry deposit of cash and/or securities with the Government.

All Trust Fund Investments, Bonds and Securities are shown at cost.

## REPORT OF THE PROVINCIAL AUDITOR'S OFFICE

We have examined the financial statements, being Exhibits A and B, of the Department of Municipal Affairs, Minister's Trust Account for the fiscal year ended March 31, 1989. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Minister's Trust Account as at March 31, 1989 and its receipts and disbursements for the year then ended in accordance with the accounting policy stated in note 2 to the financial statements applied on a basis consistent with that of the preceding year.

## THE MANITOBA TEXT BOOK BUREAU

### Notes to the Financial Statements
### for the year ended March 31, 1989

1. Accounting Policies

   a) The Bureau's financial statements are prepared on an accrual basis, except for capital acquisitions which are reflected as expenses in the year of acquisition.

   b) Inventory is valued at the average cost of acquisition with a provision for obsolescence being made for books in declining demand.

   c) Interest, property costs and employee benefits including pension costs are paid out of other appropriations of the Government of the Province of Manitoba and are not reflected in these financial statements.

2. Grant Payments

   For accountability purposes, the Bureau reimburses certain school divisions for purchases of eligible instructional material and is repaid from Department of Education Curricula Materials grants. These transactions amounting to $ 1,340,128 (1988 - $1,134,977) are not included in these financial statements. The Bureau does not charge for this service.

3. Outstanding Commitments

   Commitments on orders placed prior to March 31, 1989 for merchandise to be delivered subsequent to that date, were estimated at $2,420,200 ($2,783,500 as at March 31, 1988).

# THE NORTHERN AFFAIRS FUND
## Notes to the Financial Statements for the year ended March 31, 1989

1. The Fund carries out the following programs:

   i) It operates the Specific Purpose Funds Account to provide financial services to Community Councils in Northern Areas of Manitoba governed by the Northern Affairs Act;

   ii) It levies property and business taxes based on real property assessments and remits the tax requirements to School Divisions and The Public Schools Finance Board. Taxes collected for local purposes in the communities are remitted to the Community Councils when collected.

   The Fund accounts for each of these programs separately.

2. The significant accounting policies of the Fund are as follows:

   a) Specific Purpose Funds Account

   The Specific Purpose Funds Account operates on a cash basis of accounting modified as follows:

   Revenue includes amounts received after the fiscal year end, if paid from Government of the Province of Manitoba appropriations for the fiscal year ended.

   Expenditure includes payments made after the fiscal year end, if funded with revenue for the fiscal year then ended.

   b) Taxation Account

   The Taxation Account operates on the accrual basis of accounting and, in accordance with procedures followed by municipal entities in the Province, recognizes taxation revenue and expenditure on the calendar year basis.

   c) Services Provided by the Government of the Province of Manitoba

   The cost of services provided by the Government of the Province of Manitoba as outlined in Note 5 are not reflected in these financial statements.

3. Cash of $100,000 is retained in the Taxation Account to cover current needs. Cash in excess of $100,000 is transferred to the Government of the Province of Manitoba as a contribution to costs incurred by the Province to provide services in remote areas which do not have a local government to provide these services.

4. Grants in lieu of taxes and grants in lieu of taxes added were derived from the following sources:

| | 1989 | 1988 |
|---|---|---|
| Government of the Province of Manitoba | $ 159,458 | $ 126,246 |
| Government of the Province of Manitoba Agencies | 295,690 | 288,687 |
| Government of Canada | 80,755 | 73,135 |
| Government of Canada Agencies | 157,299 | 148,367 |
| | $ 693,202 | $ 636,435 |

5. The Department of Northern Affairs provides administrative services at no charge to the Fund. The Department estimates the cost of these services to be $134,200 for the fiscal year ended March 31, 1989.

# INTRODUCTION TO THE PUBLIC ACCOUNTS OF MANITOBA

The Public Accounts of the Province of Manitoba are prepared by statutory requirement, in accordance with the Financial Administration Act, which is Chapter F55 of the Continuing Consolidation of the Statutes of Manitoba. The Public Accounts for the fiscal year ended March 31, 1989 consist of three volumes:

**VOLUME 1** contains the Financial Statements of the Consolidated Fund of the Province and corresponding schedules of supporting information.

**VOLUME 2** is a supplementary volume which contains further details of the expenditures by standard expenditure object codes. It also provides details of the salaries and wages paid to employees as well as payments to corporations, firms, individuals, other Governments and Government Agencies.

**VOLUME 3** contains the Summary Financial Statements of the Province. This is the second year that these statements are presented in this form. The long range intent of these statements is that they will reflect the consolidation of the operations of all organizations integral to the overall operations of Government in performing its executive function. At this time however, only the operations of certain trust accounts and crown entities, as referenced in the Introduction to Volume 3, are consolidated with those of the Operating Fund. The Department of Finance is working to reflect the financial operations of the other organizations in future Summary Financial Statements.

## CONTENTS OF VOLUME 2 - SUPPLEMENTARY INFORMATION

### a) Salaries and Wages in Excess of $25,000

(i) This statement lists employees who received salaries or wages in excess of $25,000 during the fiscal year. Amounts reported will include remoteness allowance, shift and overtime premiums, separation pay and any other entitlement authorized in the collective agreement or regulations, where these items are applicable to the employee listed.

(ii) Employees are listed under the Department/Appropriation that is indicated as the source of funds for the employee's position as at March 31st even though the employee may have been located under other Department(s) and/or location(s) during the fiscal year.

### b) Statement of Cash Payments To Corporations, Firms, Individuals, Other Governments and Government Agencies

(i) This statement lists, in alphabetical order within Department, each payee whose total payments by that individual Department exceeded $5000 during the fiscal year. Payments are presented on a gross basis to show all amounts disbursed for purchase of goods and services, investment and loan transactions, grant payments and refunds as well as payments from amounts held in trust on behalf of others.

(ii) Payments made to suppliers in the United States are presented in U.S. dollars.

(iii) Payments in other foreign currencies are shown in the Canadian Dollar Equivalent at the time of payment.

(iv) The location of the payee is shown except where payment was made to an address in Winnipeg or where the location is implicit in the name of the payee.

### c) Detailed Statement of Cash Payments From Departmental Appropriations

(i) This statement reports actual expenditures from each departmental appropriation on the basis of the standard expenditure object code classification.

(ii) Object code expenditures are presented on a gross basis to show all amounts disbursed. Recoveries into appropriations and transfers to capital are shown separately to disclose their net effect on the total expenditure of the Department.

(iii) Expenditures are shown at the main appropriation level. More detailed information is available from the Department of Finance.
